

WSHSC Membership Application 2021

The Washington State Healthcare Safety Council (WSHSC) <http://www.wahealthcaresafety.org/> was created as a mechanism to provide an opportunity to **network** among safety professionals in healthcare, keep abreast of the ever-changing and evolving **rules and regulations**, enhance **learning** and **professional development**, and **exchange ideas and programs** which have been proven to be successful. We invite you to join or renew your membership in the WSHSC!

Your membership with WSHSC allows you to take advantage of meetings and educational programs provided throughout the State. These seminars are periodically scheduled throughout the year on topics related to healthcare safety. In addition, your membership enables you to participate in individual and organizational recognition awards. Your organization can stay connected and current with safety standards, resources, and professional development. **For 2021, we are offering membership and programs FREE to all who are interested! We had a difficult 2020 and this is our gift to you.**

Dues are based on number of employees per organization (not FTEs) and apply to the calendar year. A facility is defined by the scope of its business license and shall include any affiliated clinic. Umbrella organizations are defined by the scope of its business license, whose comprised membership may join the WSHSC and thereby accord simultaneous membership in the WSHSC for all of its constituents.

<input type="checkbox"/>	Category I < 100 employees	FREE FOR 2021
<input type="checkbox"/>	Category II 100 – 2000 employees	FREE FOR 2021
