LEW BROWN MEMORIAL AWARD

Each year, the Washington State Healthcare Safety Council recognizes a single individual who has made an outstanding contribution to the field of health care safety.

The Lew Brown Memorial Award is presented each year in memory of Mr. Lew Brown, who was a loss control manager for a major insurance carrier and a member of the WSHSC for many years. Lew dedicated much of his career to the specialty of health care safety. He was always ready to go the extra mile to support health care safety issues.

Do you have an individual in your facility that has gone that "extra mile" in promoting safety? Do you partner with a key person in healthcare safety who promotes safety? Please consider nominating that person for the Lew Brown Memorial Award.

The enclosed nomination form is designed to make the nomination easy. You may include other supporting documentation.

You must be a member of the Washington State Healthcare Safety Council to nominate a candidate.

The recipient will be announced in the first program following the April 1st deadline. The recipient will receive a \$100 monetary award and a plaque. The recipient is invited to join the Board as an external guest for a year.
